Fire broke out of a faulty chimney leading from a wood stove and leveled a house owned by Larry LaMotte off Wilcox Bridge Rd. in Grayling Township.

Larry LaMotte, renting the log cabin house, was not there when the fire was reported at 5:20 a.m. on Saturday morning.

The Grayling Fire Department fought the fire but it had too much of a head start to save the building.

A large assortment of tools and power equipment were reported stolen from Union Oil Co. on Seven Mile Rd. in Beaver Creek.

Sheriff deputies while on patrol spotted a door open at the Union Oil building and a company official was called in to check for missing equipment. Some of the equipment, which included batteries and a battery charger, had identification numbers. Anyone seeing persons in the area of the building between 5 a.m. and 5:30 a.m. Jan. 13 are asked to call the sheriff dept.

Two snowmobiles owned by Richard Moshier, of Grayling, were reported stolen Saturday 7/10 of a mile north of North Down River Rd. off Damon Truck Trail.

The 1978 John Deere and 1974 Ski-Whiz were taken between 5:30 p.m. and 10 p.m. Jan. 15.

## Free Suds and Shucks at Hanson Monday Night

Traditionally, Monday evenings have been adult ski night at Hanson Park and that tradition is being continued. However, there have been some additions to the program with parties scheduled every other Monday night in conjunction with the adult ski night.

The next big adult night at Hanson Park is this Monday, January 24, when it will be suds and shucks...and it's all free. That's right, there is no admission, no cover, no financial requirements of any kind and you don't even have to ski.

For those who enjoy outdoor winter sports, however, there will be skiing, cross country skiing on the lighted trail, and skating on the lighted rink. If anyone should so desire, sledding will even be allowed. In the lodge, there will be the snack bar, the arcade, live music for dancing, and plenty of free... "Suds and Shucks".

## Gen. Johnston Tribute Thursday in Grayling

Grayling National Guard and citizens will gather at dinner Thursday night to pay tribute to Michigan Adjutant General John A. Johnston who is retiring.

The dinner to be held at the Holiday Inn will demonstrate the area's appreciation for the assistance the General has given over the years.

Gen. Johnston began his career by enlisting in the Army Air Corps in September of 1942. He completed pilot training and was commissioned in January of 1944.

He served in France during World War II in the 363rd Photo Group and the 67th Photo Group. He flew 98 combat missions and in one flight he was forced to parachute behind enemy lines. He was returned by a Free French Patriot to a United

States Hospital where he received treatment for wounds.

He was released from active duty in October of 1945 but remained active in the Air Force Reserve until 1946. He then served with the 171st Fighter Squadron of the Michigan Air National Guard and commanded the

# Unemployment Nears 20% Here

by Jon Thompson

Unemployment reached 19.8 percent in Crawford County at the beginning of December according to the Michigan Employment Security Commission.

Nearly one in five persons of a workforce of 4050 were out of work. And that doesn't include persons whose unemployment benefits have run out or have given up looking for work through the MESCC office.

As bad as unemployment figures already are in Crawford County, MESCC officials say they will be worse heading into the traditional slow winter

months of January, February, and March.

The high water mark for unemployment here in recent years was 27.1 percent recorded during February, 1981.

With A & R Wood Products and Weyerhaeuser both starting up and hiring persons after that, unemployment was kept down to 19.1 percent the following February in 1982.

But now, unemployment is starting to increase again in the county. Last year, at the beginning of December, unemployment was at 16.7 percent - 2.1 percent lower than this December.

One of the reasons unemployment is up this year is the workforce has increased by 300 persons from the same time last year.

A drop in tourism also is hurting retail and services employment in northern Michigan.

At the beginning of December, 1982, approximately 800 persons were unemployed in the county equalling March for the month in 1982 with the most persons out of work in the county. During the 27.1 unemployment in February, 1981, about 975 persons were out of work.

The state of Michigan recorded a 17.3 unemployment rate in December.

1983 WORK BEGINS—The Crawford County Board of Commissioners, with newly elected commissioners Garland "Bud" Joyce and Don Welser, went to work Tuesday, Jan. 11, at their first meeting of the year. Jeannette Kitchen, at end of table, was elected chairman. County Clerk Elizabeth Wieland is pictured next to a tape recorder which will be used to record all 1983 meetings. Also pictured are Commissioners Larry Mattis, Mary Harland, and Andie Neilson. Not shown is Commissioner John Miller.

## '83 Commissioner Appointments Set

The rest of county commissioner committee and delegate appointments for 1983 have been set by chairman Jeannette Kitchen.

During the first organizational meeting Tuesday, Jan. 11, Kitchen appointed members to the finance, building and grounds, law enforcement, and union negotiations committees because of business in those areas that needed immediate attention.

Later in the week Kitchen completed the rest of appointments using sheets filled out by commissioners indicating areas they were interested in.

Vice-chairman Mary Harland was named as chairman to four committees and a member on two others. Larry Mattis was named as chairman to three committees and a member on three others. Garland "Bud" Joyce was named as chairman to three committees and a member to three others. Andie Neilson was named as chairman to three committees and a member to three others. John Miller was named as

chairman to three committees & a member to one other committee. Don Welser was named a member to six committees. Kitchen appointed herself as chairman to two committees.

In delegate appointments, Mattis was named as delegate to five associations or organizations, Neilson four, Harland four, Joyce four, Kitchen two, Miller one, and former commissioner Walt Nowak was asked to stay on as a delegate to the Substance Abuse Advisory Council, a council he has served on for many years and one in which the delegate did not have to be a county commissioner.

Recently elected Don Welser, who said in a campaign advertisement this fall that "all these meetings here and in Timbucktoo aren't helping us," didn't receive any delegate appointments. He received an appointment as the alternate to the Criminal Justice Commission, the only regional agency, association, or organization he indicated he wanted to serve on.

## School Board Passes New Athletic Rules

The Crawford AuSable School Board of Education adopted new rules Jan. 10 stressing participation in games for all players on middle school sport teams.

In team sports, such as basketball, each member of the team dressed and able to play is to play at least two

minutes in every game.

In individual sports, each member dressed and able to perform is to participate in every meet or match except where meet or tournament rules limit the number of participants from each school.

At the high school level,

emphasis is placed on the development of sportsmanship, cooperation, self discipline, conditioning, appropriate competitive attitude, and excellence in individual and team performance. Thus, the board left the amount of playing time for high school athletics up to the coach of the team.

## Miss Grayling Contestants Begin Busy Month

The "Get Acquainted Tea" at pageant director Norma Naours on Tuesday, January 11th was a real success for the contestants, pageant mom's and committee members. There was much discussion of talent and costumes, workshops and social events, getting the right music and memorizing songs and dances.

This year's group of pageant mom's is a mix of some who have worked on the pageant before and some who were anxious to get involved. With a "mom for every girl" we have Susan Noteware, Sheryl Alef, Jodie Wiltse, Chub Mead, Jan Reynolds, Marie Harland, Cindy Ockerman, and Betty Mansfield. Carol Miller will assist Norma, Vickie Hatfield will be in charge of wardrobe, and Betty Bennett publicity.

Pageant headquarters is at the Chief Shoppenagons Motor Hotel. Song rehearsals will be held there with Karen Ross assisting the contestants with their opening number song and also accompanying some of their talent.

The first workshops were held on Thursday. Patricia Sloan, representing "Jackie Brown" nail care, showed

the girls that there is more to nail care than putting on polish. Kathy Kraus worked with the girls on poise and posture.

Next week Susan McCurdy of the Golden Touch will hold a make-up workshop with Redken Cosmetics. Louise Hayes and Theresa Furst will be working with the girls on dance and aerobics.

Sunday evening was fun night for all those involved in the pageant. A swim party and movie night was held at Sauter's Hospitality House. The girls enjoyed watching "Victor-Victoria" while they munched popcorn, and then wore off those extra calories with a swim and sauna at the pool.

## Kolka Selected For Chamber Job

The Grayling Regional Chamber of Commerce Board of Directors has named Mrs. Joyce Kolka as secretary/manager.

Mrs. Kolka will take over many of the responsibilities of the former executive director and the board of directors will assume other tasks formerly undertaken by the director.

In 1946, Mrs. Kolka moved to Grayling from Allen Park. She graduated from Grayling High School and first worked at the Grayling State Bank. Her husband Jim is currently employed by Cadillac Overall Supply.

Mrs. Kolka has been the secretary at the C of C for five years. She worked previously for the city, Bear Archery, and Dr. Ralph Hoffman. She has three

children, Lynn Kolka, Nancy Hatfield and Kurt Kolka.

Mrs. Kolka said that she hopes in her new position to continue the tradition of service provided by previous administrators in the office. "I hope to be of assistance in attracting tourists and industry to the area," she said.

## From Our Corner ...

For our readers who live elsewhere than in the vicinity of Grayling...winter, we believe arrived last Friday evening and by Sunday it appeared as if it was here to stay...we had a good old fashioned storm Friday afternoon and evening that dumped about four inches of snow on us then it lifted...from what we read in the downstate papers Sunday we really missed the brunt of the storm as it hit out in the eastern part of the country, Pennsylvania and New York really felt the blast...anyway, here Saturday it was cold, but it just got a running start for night time...we had 5 below zero Saturday night about 11 o'clock, but then the first liar doesn't have a chance, we'll wait and see what we hear at the post office Monday morning just how cold it was here in Crawford County...

The Friday afternoon storm closed some schools early in the afternoon in the area and postponed the Vikings basketball game here against the Rogers City Hurons until a later date...by Sunday things appeared to be back to normal, and the weatherman says there isn't any snow predicted until around Wednesday, if then...that is if you can believe the weatherman...it is supposed to be about 5 above Sunday night...it was about 10 below...

Maybe now with the cold snap, the weather will change around and Houghton Lake will be able to go ahead with their Tip Up Town activities which have been postponed twice...when anything like Tip Up Town has a good turnout up here in the north country it effects all of us...the economy has been so bad that anything would help...

We have been watching the happenings down at Houghton Lake and have been wondering if we were going to have good weather for our Winter Sports Carnival in February...we have lacked the snow for Hanson Hills to get untracked, but possibly with the snow we got Friday and cold weather it should stay, skiing will get underway...

An idle thought...the nice bright sunny days we have had on Saturday and Sunday gave us a chance to see how our solar heat would do in real cold weather...we got heat coming through the grates both days...now we would like to know how we could get heat on days that are just a little on the sunny side...

If this frigid weather continues into February, there will be plenty a chance to sculpture some ice objects as last year for the Winter Sports Carnival...takes a lot of work and numbs the fingers, but some are quite artistic...

We left this hummer Sunday afternoon because of no thoughts except how cold it was, and now today, we're trying to finish this turkey and all we can think of is how cold it was last night and how cold it is supposed to get tonight...and how cold it is right now...2 o'clock in the afternoon and it is only about 10 above and it is supposed to get to 10 below Monday night, and they tell us this is to linger on for a spell, how long is a spell, no one told us...so grin and bear it...it looks as if winter has finally caught up to us...

We just can't seem to get with it this week, possibly next week will be different and we will be able to fill this corner of ours...just doesn't seem like anything really earth shaking happening for us to relate on...everyone knows about the grim outlook of the economy and the future, at least in the near future it isn't too rosy...

This takes care of this week's turkey, we're going to start thinking about going west if it is any warmer out there...so, we'll say goodnight to T.J., Stefany and Amber, and to all of our readers have a nice weekend, and if you're winter sports buffs, we're sure you will...

**We make a little go a long way.**

After several weeks of patient waiting, the weather man has partially come to the rescue of winter sports lovers by providing a light snow fall. The storm started Wednesday forenoon and by noon city snowplows were busy clearing the streets. People coming here this year are going to note a number of excellent changes. Instead of three toboggan slides, this year there will be at least six. Toboggans now will cross the highway and go into the field beyond, going 400 feet farther than last year.

The Hanson Cafe boys went to East Jordan

Tuesday night and were defeated by the Independents of that place to the tune of 24-20, coming out second best, as it was told to us. ## The Bible Speaks

From Calvary Baptist Church

### Churches Support Communist Revolution

Sociologist Rael Jean Isaac Ph.D. writing on "Do you know where your church offerings go?" reaffirms the continuing involvement of several major church denominations in world revolution. The January 1983 issue of the "Reader's Digest" listed "groups supporting the Palestine Liberation Organization, the governments of Cuba and Vietnam, the pro-Soviet totalitarian movements of Latin America, Asia and Africa, and several violence-prone fringe groups in the United States" as an example of those receiving millions of church dollars in support.

Dr. Isaac repeated the charges that the National Council of Churches is supporting Marxist-Leninist movements in the Third World, and becoming "obsessed with the alleged inherent injustices of America." Dr. Isaac went on to say, "A number of NCC executives feel a just society is impossible under capitalism." Dr. Isaac said, "A 1979 policy statement passed by the NNC entitled 'Challenges to the Injustice of the Criminal Justice System' basically attributes crimes to social conditions for which the criminal is not responsible."

"Convicted murderer Larry Jackson of the Republic of New Africa, an organization whose goal is to establish an independent black country in five Southern states," was visited in jail by the president of the NCC who called Jackson and other revolutionaries "political prisoners."

Contributions in 1980 for such actions came from the Methodist Church with \$8 million, the United Presbyterians with \$3 million, the United Church of Christ with \$2 million, and the Disciples of Christ and the Episcopal Church each contributing over \$1 million. (Above figures rounded.) Concerned

people who wish to alter this course, please write: "The Institute on Religion and Democracy, 1000 Sixteenth St., N.W., Suite LL50, Washington, D.C. 20036."

Just as religious leaders directly and deliberately ordered the crucifixion of Jesus Christ, even so, organized religious leaders are today forming the ecumenical church of anti-christ which pushes a social gospel. Please notice the growing effort of organized religion to destroy the economic backbone of America. Their ultimate goal is to enslave a free America in socialism, and to redistribute our accumulated wealth to the rest of the world. When we fight Communism, they brand American action immoral, unloving & unethical. When they use American money to support Communist action, they do it in the name of love, freedom, brotherhood and human rights. Beware of any growing movement in religious circles against a strong defense program for America. Only enough nuclear strength to prevent a Soviet nuclear attack can give us and our grandchildren any measure of safety. (adv.)

## '2 Million Drawing Highlights New "Tic-Tac-Two" Game

"What would you do if you won \$2 million?" Commissioner William M. Nugent asked as he announced the Lotter's new instant game, "Tic-Tac-Two."

According to Commissioner Nugent, "The exciting thing about 'Tic-Tac-Two' (which goes on sale, Tuesday, January 11, 1983) is that virtually anyone can get into the elimination process for the \$2 million grand prize drawing." Entry into the drawing is gained by signing the backs of three non-winning "Tic-Tac-Two" tickets and mailing them in one envelope to: Tic-Tac-Two, Grand Drawing, Lansing, Michigan 48916.

The players name and address must be legibly printed on the outside of the envelope. To be eligible for the drawing, envelopes must be received by the Bureau of State Lottery no later than 20 days after the announced end of game.

The Grand Drawing for this game will follow the

frequently used format wherein the grand prize winner is offered three envelopes from which to choose his or her prize. In this game the winner will win at least \$1 million and could win up to \$2 million. Grand Drawing prizes will be paid in installments not to exceed \$50,000 per year, with the exception of the Grand Prize itself which, if it exceeds \$1 million, will be paid in 20 annual installments totaling the amount of the prize won.

Each "Tic-Tac-Two" ticket has a prize amount and nine play symbols covered with a rub-off material. If three (3) O's appear in any row, column, or diagonal on the ticket, the player wins the prize in the Prize Box. If three (3) X's appear in any row, column, or diagonal on the ticket, the prize doubles.

The game consists of approximately 31,500,000 tickets printed for distribution.

## New IRS Publication 910 Contains Year-Round Tax Tips

Detroit, Mi. - Taxpayers interested in getting many year-round tax tips, as well as having an early start on the upcoming tax return filing season, can obtain a copy of a new, free IRS publication, the Internal Revenue said.

The helpful Publication 910, "Taxpayer's Guide to IRS Information and Assistance," is available by writing to the IRS, P.O. Box 7390, Dept. R, Washington, D.C. 20044.

Contained in Publication 910 are descriptions of services available to help taxpayers prepare their tax

returns or to receive assistance with their returns. The booklet explains how to resolve questions on bills, letters, and notices from the IRS, and assists taxpayers with questions concerning their accounts and the status of refunds they expect.

Other items of interest in the publication are explanations on collection of taxes, examination of returns, and how to file an amended return. The guide describes many of the free publications that are most often requested by taxpayers, together with a handy order blank.

## Special Olympics

Two corporations will be giving area shoppers a chance to save money and support Special Olympics.

These promotions will aid the Special Olympics of Area 4 (Roscommon, Ogemaw, Oscoda, and Crawford counties) by reducing the cost which they must pay to attend events such as the Michigan basketball tournament and the 1983 International Special Olympics to be held in Louisiana.

The first promotion, which is in its second year, is being conducted by the Proctor & Gamble Corporation on a national level. They have sent out coupons, which if redeemed by January 22, will be matched by a 5 cent per coupon donation to Special Olympics.

The second promotion is being sponsored by a Michigan based company, Squirt-pak. Beginning January 3rd over 6 million coupons good for discounts on Squirt, 7-Up, Dr. Pepper, Orange Crush, and Vernors will be distributed. All these coupons will be honored with a 5 cent donation to Michigan Special Olympics if they are redeemed before January 29, 1983.

## Thank You! Thank You! You Wonderful Blood Donors!

One Hundred and thirty two of you came to give a pint of your precious blood to save another fellow human's life, Wednesday, January 5th.

And if you think Blood isn't terribly needed at this time - two special pick ups were made that Wednesday afternoon to rush the freshly drawn blood collected up to that time to the Petoskey Blood Center where it was immediately processed into platelets for use in surgery and to give to post-surgery patients!

Thanks also to WGRY and WQON whose spreading the word of the Blood Bank helped get the Donors in;

and the Avalanche for it's front page announcements of the Blood Bank; and to the Merchants of Grayling who let us post notices on their Bulletin Boards and in their windows; and thanks to Dial-A-Ride for bringing so many Donors to the Bank at the American Legion Hall.

It was a most successful bank. Eleven Donors came a little before the scheduled 12 noon opening. Several were processed before noon so that two Donors were on the drawing tables at 12:00 sharp; and there was never a time when all of the 9 drawing tables were not occupied with one or two Donors awaiting their turn at the tables, until well after the 6 p.m. closing.

Despite the power cut-off which interrupted our last November Bank at Grayling High School, sharply reducing its performance, so far you great Blood Donors of Crawford County have averaged 114 Donors at each of the four Blood Banks so far this fiscal year!

Again - Thank you! Thank you!

### CARD OF THANKS

## Michigan Assessment Test Results For Crawford AuSable Schools

The Crawford AuSable Schools have recently completed the testing of fourth, seventh and tenth grade students in statewide minimal math and reading objectives. The Michigan Assessment Test is one of several ways student progress is evaluated in reading and mathematics.

When comparing this year's results with the district's average results of the past five years, the students scored: 7.4% lower in math at the fourth grade level, 5.8% lower in reading at the fourth grade level, 2.4% higher in math at the seventh grade level, 11.3% higher in reading at the seventh grade level, 1.8% lower in math at the tenth grade level, 7.7% higher in reading at the tenth grade level.

Over the last several years reading and math skills have

been identified as a concern in Crawford AuSable Schools. In response to that concern the staff has been engaged in a major project to improve the reading and math achievement of all Crawford AuSable students. District high need reading objectives have been identified and tested and materials and strategies have been developed for those objectives. That same process is currently underway with the entire set of objectives.

This project will insure that instruction is appropriately sequenced through the grades. A foundation is being developed for implementing mastery learning, which means that a student must demonstrate mastery of a concept or objective before proceeding to other concepts (i.e., multiply by one number before multiplying by 2 numbers).

When completed, the objectives adopted by the board will become the yardstick for measuring student progress in reading and math. Students will be tested, computerized scoring will get information back to teachers faster. Teacher will use the information for grouping and planning instruction and will use alternative teaching strategies when necessary. It is anticipated that test results will improve within the next three years as a direct result of these curricular improvements.

### RSVP Mail Campaign

A special thanks to the over 250 individuals and organizations who have contributed to our annual \$2-\$3 RSVP Mail Campaign. Approximately \$2,500.00 has been received of the total \$5,000.00 we are required by ACTION (our federal funding agency) to raise through local contributions. Without the community's support and help, the Retired Senior Volunteer Program would not be able to survive. Thanks!!

For those who haven't made your contribution yet, you still have time. All donations are tax deductible and can be mailed to the RSVP office at P.O. Box 647, Grayling, or directly to the Grayling State Bank, RSVP Non-Federal Account, P.O. Box 489, Grayling, MI 49738, or can be dropped off at the RSVP office on Lawndale across from the Senior Citizen Center.

RSVP volunteers will provide 30,000 hours of service to 46 community agencies and non-profit organizations this year. 100% of every \$1.00 you contribute goes directly to RSVP.

## Blanchard Facing Tax Hikes, Budget Cuts

Warren M. Hoyt, Executive Director, MPA

Governor James Blanchard, facing a budget deficit of some \$750 million just one week into his new term in office, is expected soon to make recommendations of how to cover the revenue shortfall.

The recommendations are expected to include both revenue augmentations, possibly an increase in the state's income tax rate - and budget cuts.

A financial crisis committee, appointed by Blanchard prior to his taking office, has reported the budget crisis is real and has to be coupled with a massive state cash-flow shortage of as much as \$1 billion.

The committee recommended tax increases, a repeal of the local spending requirements in the Headlee amendment and further Medicaid cost containments.

No specific recommendations were made in either budget cuts or levels of tax increases.

Committee members warned that education was at the "crossroads" and unless efforts were made to improve services, Michigan could become "the Mississippi of the north."

House of Representatives Fiscal Agency Director John Morberg has urged Blanchard to immediately begin a campaign for a constitutional amendment, on the 1984 ballot, that would eliminate the section 30 Headlee Amendment requirement.

That requirement, which dictates that 41.6 percent of state expenditures go to local units of government, "doesn't make sense," in terms of public policy, Morberg said.

Morberg also said a hiring freeze, imposed on those departments that do not have expanding personnel needs, should be considered.

Even though the state is unable to meet its budget needs and despite a lingering recession, total state

revenues continue to show annual increases, although in the last two years, they have not kept pace with inflation.

According to a report issued by the Senate Fiscal Agency, state taxes as a percent of personal income has steadily declined over the past three years and the federal share of total state spending is at the highest level ever in the years reviewed.

The report points out the well-publicized, steady decline of the general fund budget revenues since reaching a high point in 1978-79, but shows total tax revenue, including funds set aside for specific purposes reached an all-time high of \$6,199.3 million in 1980-81, the last year for which figures are complete.

That is \$95.2 million higher than the year before, and represents 61.2 percent of the total state revenues. That percentage compares to a high of 80.7 percent in 1960-61.

On the other hand, federal revenues have continued to grow to a level of 25.4 percent in that 1980-81 year and are expected to hit 26.4 percent in the current 1982-83 year. In 1970-71 federal revenues constituted 20.4 percent of the total state budget.

The report shows that Michigan personal per capita income has also grown faster than state tax revenue, with taxes now representing 6.8 percent of personal income. That is the lowest figure since 1970-71 and compares to a high of 8 percent in 1972-73.

The percentage of the budget coming from personal income taxes has been on a general upward trend and in 1980-81 represented 20.1 percent of the budget.

Meanwhile, business taxes have been flat or falling, and in 1980-81 were 9.3 percent of the budget, compared to such historical figures as 11.2 percent in 1977-78 and 12.7 percent in 1959-60.

## Grayling Spikers Win 2 at Petoskey

Led by the inspired play of senior Jenny Riker, Grayling took two matches from Petoskey to boost their overall record to 3-0 in head-to-head competition along with a second and fifth place finish at two tournaments.

Riker had nine blocks, 11 good spikes including two aces, 14 good serves, and handled 25 setting opportunities without an error. But it was one outstanding play from Riker that helped rally her team from an 8-0 deficit in the first game.

While trying to save a ball she ran up a set of bleachers just off the court and managed not only to keep the ball in play but set up Ikuyo Inoue for a point-winning spike.

After that startling play, Grayling came back to overcome Petoskey 15-13 in the opener. Coach Becky Brown said it was a key point and big game for Grayling. Grayling had dropped two games to Petoskey four days earlier in a Petoskey tournament. Grayling, after gaining confidence in the first game, went on to shut out Petoskey 15-8 in the second game to win the first match.

### Expectant Parents Classes to Begin

Topics to be covered include Lamaze techniques, maternal nutrition, breastfeeding, exercises and infant development. The classes are free of charge and no pre-registration is necessary.

Persons are asked to bring their spouse or coach to each class. A pillow will be needed for the first class session.

### Senior Citizens Homemakers Services

Do you have a Vial of Life? If you don't have one please call the Senior Citizens Center at 348-9314 and we will do our best to help you. The Vial of Life is a lifesaver. Call the Center for more information.

Some of our clients have gone south for the winter and some are hospitalized. Therefore we have a few openings in the Homemakers Services program. If you need our services or know of anyone that does, please call the Senior Citizens Center at 348-9314 or drop in and see us at 308 Lawndale.

The Homemakers Services Program provides routine light housekeeping assistance to Crawford County Senior Citizens. The qualifications to be a recipient of this program are, the Senior Citizen must be at least 60 years of age and be handicapped.

Our homemakers do such tasks as laundry, grocery shopping, transportation to doctors appointments, drug store for prescriptions, changing of bed linens, mopping floors, defrosting & cleaning refrigerators, vacuuming, cleaning bathrooms & bedrooms.

We also have telephone reassurance and friendly visitors. The telephone reassurance caller calls every day at the same time every day. If the caller doesn't receive an answer, the caller contacts us and we contact the clients emergency contact. If they don't know where this person is, we go to their home or whatever needs to be done until we find out why the client isn't answering their telephone. This procedure has saved many lives.

The friendly visitor goes to the clients home, usually once a week, the same day of the week. The friendly visitor brings sunshine into the homebound life. Many times this is the only person they see or talk to all week.

Joyce Hankins

In the second match, Grayling took Petoskey 15-11 and 15-13. The winner of two of three games takes a match. In Michigan Huron Shores League action instead of traveling to each school once and having them come to your gym, the volleyball teams play two matches in one night.

Grayling stands 2-0 in the league following their double victory at Petoskey.

Ikuyo Inoue continued her fine playing as did Wendy Savallisch. Savallisch combined with Kathy Worden for several good blocks and Paula Harwood came up with 16 good serves.

Brown praised Melissa McEvers for playing well under pressure. Petoskey went after McEvers serving to her and hitting at her but she was up to the task helping Grayling rebound from the tournament losses to Petoskey.

Brown was pleased with her team's win over a good team like Petoskey.

"We worked together so well, we were aggressive, our serving improved, and we got to a lot of impossible balls," she said.

The J.V. squad dropped

their second match of the year but Brown said she has no doubt the club will continue to improve and turn into a winning team. They lost a close first game with Petoskey 14-16, came back 15-8, and lost 7-15 in the deciding game. Beth Bedard, Shelly Denton, and Amy Wakeley were floor leaders in the league match.

## Grayling Captures 1st At Clare Invitational

Barsie Cross came through with a pin in the finals to give Grayling a total of 151 points to beat out Pinconning with 150 and Hemlock with 149 in the nine-

team Clare Invitational last Saturday. Grayling was in fourth place heading into the finals. After first place finishes by Steve Sauve and John Solomonson, the matmen needed a pin by Cross to come out on top. Cross, in his first year of wrestling beat a Hemlock wrestler for the title.

Besides the three first places captured by Sauve, Solomonson, and Cross, Dan Meldrum and Jim Piper took second, Ron Wyman, Tom Sorenson and Stacey Kent took third, Tim Moore and Jack Clark, a freshman, took fourth. Lacey Stephan and Claude Halstead also scored team points for Grayling.

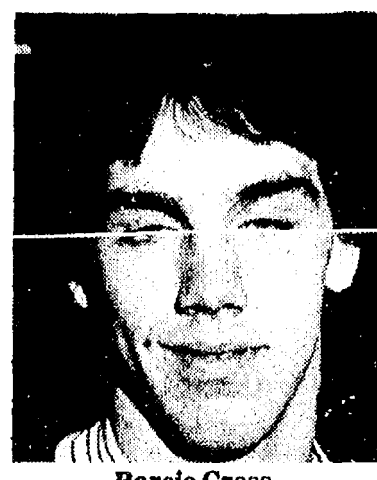

The Clare title was the matmen's third tournament title of the season.

In a double dual against Rogers City and Roscommon, Grayling whipped Rogers 50-18 and pounded Roscommon 43-26.

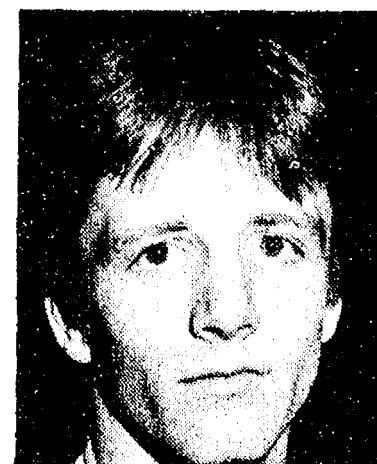

Steve Sauve picked up his 100th victory joining John Solomonson in the 100 victory club this year.

Taking double wins during the night were Moore, Meldrum, Wyman, Sauve, Piper, Solomonson, Cross, and Sorenson. Halstead and Stephan both earned one victory each.

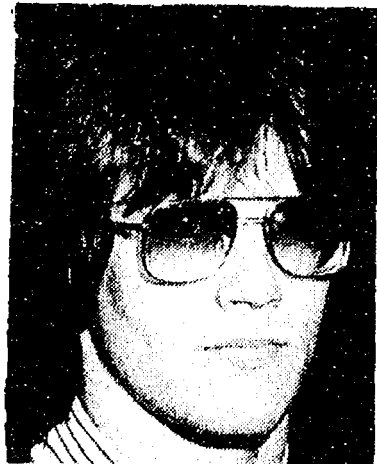

After the Clare Invitational, Sauve's record for the season stood at 21-0, the only undefeated matman.

### AAUW Group To Meet Jan. 20

Are you concerned about what today's children are watching on television? Or, do you think new electronic games seem to be corrupting our youth? What do the experts say?

Come to the monthly meeting of the Roscommon Area Branch American Association of University Women at the Ogemaw High School Library this Thurs. evening, Jan. 20 at 7:30, and discuss this timely issue with us.

AAUW is open to any woman with a baccalaureate or higher degree from an accredited four year college or university in the U.S. Or, a foreign degree recognized by the International Federation of University Women.

Lana Hamilton will be this month's hostess.

For more information, call Carol Stouffer at 366-9283.

### Chamber to Maintain Local Calendar

The Grayling Regional Chamber of Commerce will be maintaining a monthly Community Calendar for the benefit of organizations planning events.

The Community activity calendar idea originated when it was discovered that many organizations tended to conflict when scheduling programs.

According to John Alef II chamber chairman for the calendar, the complete calendar will permit groups to check with the chamber to determine if a particular date is free to schedule an event. He said that the idea will work only if all chairmen of local programs remember to call the chamber to put their event on the calendar. He noted that it can be of help in two ways, prevent conflicts and give publicity to organizational functions.

Alef said that a telephone call or visit to the chamber office in the City Building will be all that is necessary to list the function. The chamber office can be reached at 348-2921 and 348-7315.

### AARP to Meet

A strong prolife presence will be felt throughout Michigan, in Washington D.C., and in Grayling as right to life activists demonstrate their concern for the 15,000,000 unborn babies who have lost their lives through abortion since January 22, 1973.

In Michigan, proliferers statewide are lighting and placing candles in white bags outside their homes as a visible way to show their prolife commitment on the eve of the Supreme Court's abortion decisions of 1973. The candles will be burn throughout the evening and into the early morning hours of the 22nd.

### Kindergarten Round-Up

Grayling Elementary will begin the Round-Up of kindergarten children for the 1983-84 school year on February 8, 1983. For a three day period, February 8, 9, and 10, we will be registering children who will be 5 years of age, on or before December 1, 1983, for the kindergarten session beginning in September 1983.

Registration of children will be handled, by appointment only, from 9:30 to 11:30 a.m. and 1:00 to 3:30 p.m. for the three day period. We will begin scheduling of appointments on January 17th and ask that you call the school office (348-7641, ext. 46) to arrange for a convenient time.

The State requires that all children entering a Michigan school produce a certificate of birth and show up to date immunization records. Vision and hearing tests and a physical exam are also necessary.

We encourage you to participate in this early registration of kindergarten students. Clinics are held in the spring to assist you in meeting requirements and your child will be fully prepared for school if you follow the scheduled program. The State is becoming increasingly firm about meeting requirements and children lacking in any area can be denied attendance in school.

For registration, please bring your child's birth certificate and immunization records. Mrs. Mahaney, the County Nurse, will be here for registration and guide you in meeting medical requirements. If you do not have the records necessary for registration, please call the school at once. We will do everything we can to help you obtain the information necessary for enrollment.

As a wage earner, you can deposit up to \$2,000 of your wages in an IRA. \$2,250 if your spouse is unemployed and \$4,000 if both you and your spouse are wage earners. By deducting the amount you deposit in an IRA from your earned income, you pay a lot less tax now and may well fall in a lower tax bracket.

Not only is your IRA investment tax sheltered, the interest earned is tax deferred until retirement. Your IRA account will continue to earn interest on interest, year after year, assuring you of the funds needed for a happy retirement.

Every wage earner, every self employed person, everyone married to a wage earner or self employed person is eligible for an IRA.

Federal regulations require a substantial interest and tax penalty for early withdrawal.

## The Family: God's Pattern For Living

The Family: God's Pattern For Living, a six-part 16mm film seminar with John MacArthur, Jr., is being shown at the Free Methodist Church, 6352 M-72 West in Grayling, Monday and Thursday evenings at 7 p.m. beginning January 24 for 3 weeks. Produced by the Moody Bible Institute of Science, a ministry of Moody Bible Institute in Chicago, these films present the Biblical mandate for the Christian family. Dr. John MacArthur, Jr., well-known pastor, author, radio and conference speaker, offers Biblical solutions to the issues that are breaking today's homes apart.

Each 50-minute film is introduced by Assistant Chief of Police of Los Angeles, Robert L. Vernon, who prepares the audience for Dr. MacArthur's message.

Each film addresses a different topic. "God's Pattern For Relationships" presents an overview of the specific roles of individual family members, and the necessity for submission to God's authority. "God's Pattern For Wives," and "God's Pattern For Husbands," focus on the Biblical roles of the man and woman in the marriage relationship. "God's Pattern For Children," and "God's Pattern For Parents," examines the interrelationships between children and parents in the Christian home. The final title, "God's Pattern Broken - Divorce and Remarriage," faces a difficult subject with sensitivity and Biblical perspective.

Encourage your friends to come with you to see each film. Family discussion sheets will be distributed to each household represented.

Members present: Thompson, Sabin, Sloan, Latuszek. Members absent: Golinick\*

Also in attendance: Jerry W. Morford, City Manager; A.D. Sorenson, D.P.W. Supervisor, Dave Martella, Bob Keene, Patti Dale, Jeff Kea, Don Geiss.

Citizens who wish to speak. There were no Citizens who wished to speak.

Communications were received and noted.

From City Treasurer re: Monthly Financial Statement.

\*Mr. Golinick was now present.

Several questions asked by Mr. Sabin, Ms. Latuszek and Mr. Golinick were answered by Mr. Morford.

Old Business.

An appointment to the Grayling Housing Commission was discussed.

New Business.

Mr. Morford presented a proposal from Sheriff Joseph White regarding the installation of a "Law Enforcement Information Network" (i.e. L.E.I.N.) terminal at the Crawford County Sheriff Dept. Central Dispatch. Several letters were presented regarding the need for such a system to improve service, the proposed funding and related matters.

Discussion followed regarding the use of the system and the proposed funding of the terminal by the City of Grayling, Crawford County Sheriff and Camp Grayling on a 1/3 each basis with each unit paying approximately \$1600.00 of the projected annual cost of the equipment. The Council felt that any city participation would have to be from the 1983-84 Budget as there is no money in the 1982-83 Budget for this expense. It is Councils understanding that there would be no need for the city share of the first years funding until after July 1, 1983.

Motion by Golinick, supported by Sloan that the City Manager advise the Police Chief to include \$1600.00 in the 1983-84 City Police Dept. Budget for the city share of the proposed L.E.I.N. system to be located at the Crawford County Sheriff Dept. Ayes: 4, Nays: 0, Absent: 0, Abstain: 1 (Sabin), motion carried.

Discussion of a letter relative to maximum amounts Michigan Dept. of Social Services proposes to pay for cemetery services for indigent persons took place. Mr. Morford noted that he had discussed the matter briefly with Grayling Township Supervisor Bernard Fowler and that they agreed that the Department of Social Services should be advised of current rates for various cemetery services and to be advised that these rates are based on cost of providing services and are subject to change as costs change in the future.

Motion by Golinick, supported by Sloan that the City Manager send the Dept. of Social Services a current rate schedule for Elmwood Cemetery and advise that any deviation from said rates for indigent burials would be a matter for consultation between D.S.S. and the City and Grayling Twp. prior to such service being rendered. Ayes: 5, Nays: 0, Absent: 0, motion carried.

The City Manager presented the proposed 1983 contract with the County Road Commission for sweeping 1-75 and M-72 during the summer. The contract calls for 39 hours of time at \$62.66 per hour for a total of \$2443.74. He recommended approval of the contract.

Motion by Latuszek, supported by Sloan that Mr. Morford be authorized to sign the contract for 1-75 Business Loop street sweeping for 1983 as presented by the Michigan State Highway Dept. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Reports of Councilmen.

Mr. Golinick asked several questions about the operation of the Transportation Authority Board and the projects they are currently involved with. Mr. Sloan noted that he has had trouble attending Transportation Authority Meetings and felt that the City Manager should replace him on the Authority Board in order to be sure of adequate city representation on this Board during the early stages of organization. Mr. Sloan asked Council to accept his resignation as the City Representative on the Crawford County Transportation Authority effective 1-10-83 at 8:30 p.m.

Motion by Thompson, supported by Golinick that the Grayling City Council accept the resignation of Dennis Sloan as the City Representative to the Crawford County Transportation Authority with regret. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Motion by Golinick, supported by Sloan that City Manager Jerry Morford be appointed City Representative to the Crawford County Transportation Authority effective 1-10-83. Ayes: 5, Nays: 0, Absent: 0, motion carried.

Mr. Sabin noted that at 8:30 p.m. on New Years Eve City D.P.W. Supervisor A.D. Sorenson and Tom Dunham had responded to a call for help from a local restaurant who were having sewer trouble and had been unable to get a plumber. He noted that these city employees were able to solve the problem and help the person and he felt that recognition of their unselfish act should be given publicity. Mr. Morford thanked Mr. Sabin and noted that this was but one example of how city employees over the years have responded many times above and beyond the call of duty to help a citizen in need on weekends or holidays.

Reports of City Manager. Mr. Morford reported on the following:

Recent debate regarding Davis-Bacon Labor rates.

Employment of Robert Ahrens as a new D.P.W. worker.

Recent article regarding rebuilding of a Fire Truck.

The Police Dept. remodeling project progress.

A meeting scheduled for January 20, 1983 in Petoskey regarding City Insurance. Mr. Schreiner and Mr. Morford will attend.

Michigan City Managers Meeting in Ann Arbor Feb. 2-5, 1983. Mr. Morford will attend.

1983 Street Program progress.

Grayling Area Chamber of Commerce Board Meeting of 1-13-83.

December Property Tax Board of Review.

Two pending workmans comp. cases.

Return to work of Thomas Dunham.

Notice from Beaver Creek regarding Fire Dept. status.

Crawford County Transportation Authority Meeting held 1-10-83 at which Airport Operation and Funding were discussed. Council indicated an interest in the funding proposals showing city participation of roughly 10% of cost of operating deficit of airport or about \$5,500.00 a year. Mr. Morford will report back at a later meeting regarding this matter.

Adjournment.

Motion by Sloan, supported by Golinick that the meeting be adjourned. Ayes: 5, Nays: 0, Absent: 0, motion carried. The meeting adjourned at 9:30 p.m.

## Stancil Named

### To State Agent's Board

George L. Stancil of Cornell Agency, Inc., Grayling, has been named to the Board of Directors of the Independent Insurance Agents of Michigan. With headquarters in Lansing, the IIAA has over 1100 member agencies with over 7,000 personnel. There is a wide variety of association activities ranging from membership services to legislation and consumer affairs. The Independent Insurance Agents of Michigan was founded in 1898 and has been an effective voice in insurance matters ever since. For many years, the executive manager of the association was the late W.O. Hildebrand, well known Grayling summer and retirement resident.

Mr. Stancil is currently serving as vice president of the Independent Insurance Agents of Northern Michigan in addition to his state office.

## Doodles From The Tall Timber

Wendell L. Hoover  
Park Interpreter

Each winter I do at least some research on logging as it was once done. While this winter is far from over, I am delving into a book about logging in Minnesota. While the names and location differ, they way it was done there is very similar to the way it was done here. In this day of retirement-conscious employment, it is always amazing to me when confronted with information about how long some men labored in the woods. The following is an excerpt from the book "The White Pine Industry in Minnesota."

"In the fall of 1934 there was a gathering of lumberjacks at a festival in Stillwater. A registry of those present listed Martin Foley, ninety-one years of age, with a record of sixty-four years of service in the woods; Pat Connors, eighty-one years old, who had spent sixty-two winters in the woods; George Lammers, seventy-eight years old, who had spent sixty-three years in logging; Bill Lividak, seventy-seven years old, with fifty winters in the woods to his credit; James R. Brennan, seventy-six, whose winters at logging numbered sixty-one; and James E. McGrath, seventy-four, who had spent fifty-six years with the logs. These were a few of the 'older boys' who gathered on

this occasion to live again the life of the past."

No doubt the lack of retirement benefits contributed to the need to keep working, but perhaps it was the feeling of pride in being able to do the job better than anyone else.

### Youth Services Receives Grant

The Youth Services Bureau has started the year out right. We have received one grant through the Alden and Vada Dow Foundation, and another through the Crawford County Dept. of Social Services.

The replacement of two members on the board of directors was discussed at the January 5th advisory board meeting. Carla Nolph will be one new member to the board of directors. Carla is a graduate of Central Michigan University and is a former counselor of the Youth Service Bureau. She is currently employed by the Friend of the Court and works in both Otsego and Crawford counties. The other board member has yet to be selected.

The Youth Service Bureau is still looking for people to donate their time and talent for a tutoring program. The tutoring will be done with Middle School children either individually or in groups. Anyone interested can contact the Youth Service Bureau. Also this month's Youth Service Bureau board meeting will be January 20th in Mio at 12:00 p.m.

## Attend the Church of Your Choice

# On Top Of The World

A little child doesn't understand big-ness. Nor does he understand height and depth and length or any other proportions. But he knows love. He has trust.

Nestled in Mother's arms or held in Father's strong hands, he knows complete faith and security.

Man lives his span of life trusting, believing, hoping. Otherwise, he is no different than a stone—his life is empty.

Why must we have faith? Because it gives us reason for living. Faith in the Creator who fashioned us in His own image is increased by prayer and meditation. What better place to find love and understanding—and hope for a better life—than in the church or synagogue of your choice?

## Alpena Tops Vikes 87-74

Jim Stewart and Wayne Ross combined for 36 points and 23 rebounds as Grayling gamely fought class A Alpena Saturday but fell 87-74.

All five starters for Grayling hit in double figures and Coach Butch Hayes was pleased with their play.

"This is the first game they've played up to their potential," he said.

Besides 18 each for Ross and Stewart, Ryan Morford had 14, Paul Hamlin 12, Mike Hickey 10, and Brad Emerick added 2.

Grayling's lack of depth against the larger school hurt as they received only two points from players coming off the bench.

Hayes said he was happy with the intensity his team

played with, the good balanced scoring attack, and their defensive play.

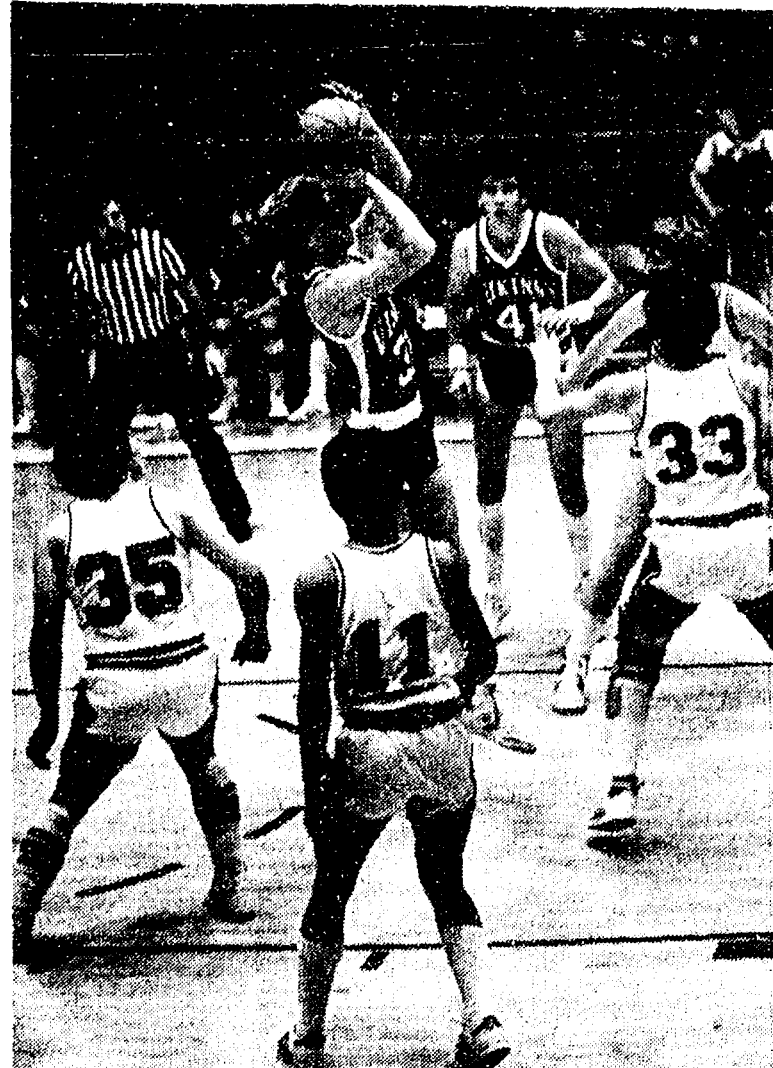

Grayling had 21 steals and rebounded well against the taller squad grabbing 44 to Alpena's 46. Stewart had 12 rebounds, Ross 11, and Hamlin 9.

Grayling stayed close to the class A school in the first half trailing 16-14 at the end of the first quarter and 34 to 28 at the end of the half. In the second half, both teams found their scoring touch. Alpena hit for 53 points and Grayling scored 46 points - more points than they scored in the entire St. Ignace game a week before.

Hayes said Grayling cut down on their turnovers and were able to consequently get off more shots Saturday

than in four previous games. Grayling shot 36 percent, 31/87, from the floor and 63 percent, 12/19, in reaching the highest point total of the season.

Grayling hosted class C power Benzie Central Tuesday night and takes on Petoskey at home Friday in league play.

**STEWART DRIVES THE MIDDLE**—Jim Stewart, shown here driving the middle in a recent game, had a big night against class A Alpena last Saturday sharing scoring honors with Wayne Ross (No. 41 in picture). Both Stewart and Ross hit for 18 points each against Alpena.

### New Patterns

Dieters often need to establish new meal patterns. Many overweight people skip breakfast, eat very lightly at lunch, start snacking in mid-afternoon and end up eating over 75 percent of their daily food from 4 p.m. on. It is better to avoid eating a large amount at any one time.

Jan. 14, 1983

Letter to the Editor:  
To the Crawford AuSable School Board, Congratulations!!! You made a very wise decision when you decided to divide the taxes in 2 payments. That savings (from \$80,000 to \$129,000) is just fantastic. That just goes to show that you can save money when you really want to.

Now, when that savings is reverted back to the taxpayers, you will really be getting somewhere. I should certainly hope a savings like that should mean a reduction in taxes instead of squandering it on some frivolous, uneducational, nonsense.

When you people remember that the 3 R's are still the basis for a good education, maybe our youth will graduate being able to do something besides just play ball, go golfing, etc.

In these trying times I don't think it would hurt our children to do a little sacrificing, right along with we adults. It seems to me that a lot more corners could be cut and still educate them with the necessities.

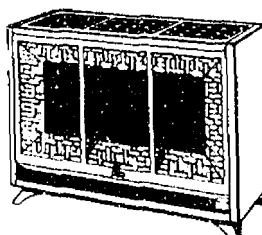

Sincerely,  
A taxed to death taxpayer,  
Mrs. Julia Ganun
